## Summary Report of the Course

### Certificate course on First Aid

The certificate course on First Aid is organised with an objective of creating awareness and awakening regarding health concerns, the task of undertaking quick decision and action in case of emergency.

It is obvious that students do face many untoward incidents eventualities in their families, and neighborhood. In such occasion they should take a prompt action that would save a life and mitigate the casualties' pain and suffering of a victim.

50 Students enrolled voluntarily from B COM I ,III & V Semester Dr. Malharao Malle a senior Physician conducted class for 10 days, daily session of 90 minutes. He gave practical demonstration with medical tools and instruments. He invited some students to give demo.

The course has wide range of subjects such as Droning in water , Suffocation , breathlessness, bleeding injury burns, heart attacks, stroucks, snake bites etc,, It facilitated a great amount of practical knowledge and down the earth wisdom to students. They realised that the techniques they learnt in the course that they would save their own & surroundings lives by and large, it was an enlightening experience to the students who joined this course.

## Summary Report of the Course

### Certificate course on First Aid

The certificate course on First Aid is organised with an objective of creating awareness and awakening regarding health concerns, the task of undertaking quick decision and action in case of emergency.

It is obvious that students do face many untoward incidents eventualities in their families, and neighborhood. In such occasion they should take a prompt action that would save a life and mitigate the casualties' pain and suffering of a victim.

45 Students enrolled voluntarily from B COM I ,III & V Semester Dr. Malharao Malle a senior Physician conducted class for 10 days, daily session of 90 minutes. He gave practical demonstration with medical tools and instruments. He invited some students to give demo.

The course has wide range of subjects such as Droning in water , Suffocation , breathlessness, bleeding injury burns, heart attacks, stroucks, snake bites etc. It facilitated a great amount of practical knowledge and down the earth wisdom to students. They realised that the techniques they learnt in the course that they would save their own & surroundings lives by and large, it was an enlightening experience to the students who joined this course.
