Subject: Seeking permission to visit your Factory-Reg.

Respected Sir/Madam

With reference to the subject cited above, as part of our education curriculum we are planning to visit your factory in 4th week of January 2023 with ⁷⁶60 B. Com Degree students and 10 staff members to get on hand practical experience of processing of ~~cement~~ ^{sugar} works. Hence, I request you kindly consider our appeal and permit us to visit the factory.

We hope your response shall be in favour of this request. Kindly grant us permission for the industrial visit and make the necessary arrangements for the same.

Thanking you,

Your faithfully

Report on Industrial visit during the academic year 2022-23

Corporate Profile

The NSL (**Nuziveedu Seeds Limited**) group is an epitome of a man and his vision. Consistent hard work and imagination have transformed his vision into an institution which has contributed significantly to Indian agricultural and rural development. Nuziveedu Seeds started its journey in 1973, as a brain child of Sri Venkata Ramaiah, in an extremely challenging environment. It was his sheer conviction and perseverance that enabled him overcome the challenges and lay the foundation for better things to come.

The foundation laid by the father has been further strengthened and built upon by his son Sri M Prabhakar Rao, who has been leading the company since 1982. The company has evolved over the years with core expertise in research, marketing and supply chain to emerge as the largest seed company in India. In the process, surpassing multinational companies. Nuziveedu Seeds produces high quality hybrid seeds and cotton seeds, which are the most preferred & trusted in the cotton plantation areas in India. With tremendous success in seeds business, the NSL Group has widened its reach and diversified into other argon based and allied industry verticals like Textiles, **Sugars**, Cotton, Power and Infra businesses by setting up units across the country.

Vision statement

vision statement explains what the company attempts to achieve in the future is as follows:

1. To be one of the major players in Sugar Industry
2. To create an organization that all our stakeholders are proud to be associated with us
3. To manage business with proficiency and transparency
4. To involve all employees with an equal opportunity for their growth

How many employees does NSL Sugars have?

NSL Sugars has **51 to 200** employees.

Who is the owner of NSL sugars?

Mr. M Prabhakar Rao, the man behind the great vision, is the Chairman & Managing Director of Nuziveedu Seeds Pvt Ltd (NSPL), the largest seed company in India. He is also the Chairman of NSL Group with turnover of about INR 30 billion in the current financial year.

Back ground of NSL Sugar factory

The Karnataka Government has entered into an MoU with Bangalore based NSL Sugars Limited to revive the ailing Aland Cooperative sugar factory at Bhusnur village in Aland taluk on lease, rehabilitate, operate and transfer basis. The factory has been leased out to NSL for a period of 30 years for Rs 75 crore.

NSL Sugars is to expand the **present crushing capacity of 1,250 to 2,500 million tonnes per day**. The company is also likely to set up a **15 MW cogeneration power plant** and a **30-kilo litre per day distillery and ethanol** unit within five years from the date of the signing of the lease agreement. The company has been asked to submit a DPR to the state government within six months on modernisation and expansion of the crushing capacity, and setting up cogeneration plant, distillery and ethanol unit.

Three years financial performance is as under

Particulars	F Year 2019	F Year 2020	F Year 2021
Turnover from continuing operations	272,350	247,106	259,645
Profits (in Crores)	34,788	9,508	7,099

Source: Annual Report of NSL Sugar Company Limited

Products » Sugar

Production of Double Sulphitation white sugar

The sugar is normally produced in three forms viz 1) Refined Sugar 2) Cane plantation double sulphation direct consumption white sugar and 3) Raw sugar. We produce mostly the second category, which is double sulphation white sugar and raw sugar based on offer. The project for producing refined sugar, pharma grade sugar and sugar candy are also in the pipeline.

- Juice Extraction from Cane
- Clarification of Cane Juice
- Crystallization and separation of sugar crystals

The final commercial sugar produced in the company is S-30, M-30, M-Bold and L-30. Visited NSL Sugar Company Limited at Bhusanur, Aland taluk, Kalaburagi District of Karnataka state. 69 Students, teaching and non-teaching staff got benefited from the visit and got practical knowledge about the byproducts and working process.
